**TRADE SHOW NEWS**

**Join EMS at Booth #910**

**See the Latest in 3D Printing & 3D Scanning Technologies!**

There are lots of new and exciting advances in 3D printing and 3D scanning technologies poised to ignite a revolution in product development and manufacturing. EMS will be demonstrating a number of these advanced new technologies at RAPID 2017 in Pittsburgh, May 9-11th.

**Stop by EMS Booth #910 to pick up your free 3D printed part**, watch live demonstrations, and learn more about the newest 3D printing & 3D scanning technologies shaping the future of manufacturing, including:

#### **HP MultiJet Fusion 3D Printing**

- Prototype & functional end use parts
- Superior, consistent part quality
- Breakthrough productivity - continuous printing & fast cooling
- Up to 10x faster at 1/2 the cost

#### **RIZE One 3D Printer**

- Industrial 3D printing for offices and labs
- Zero post processing for 50% faster part delivery
- Isotropic parts - 2x stronger than competitive technologies
- Watertight parts with high heat deflection

#### **CyberGage360**

- One-button automation for 3D scan inspection
- Unprecedented speed & accuracy
- 3D volumetric part scans & inspection reports in <3 minutes
- No part fixture required

#### **3D Infotech Universal Automation® Solutions**

- Fully automated 3D scanning control
- Demo featuring Streamline software and Creaform HandySCAN
- Software coordinates seamlessly across all hardware and software
- Easy to use automation solution

Not attending RAPID but want to learn more about the new HP, RIZE or CyberGage products? Or our upcoming Open House Demo events? Just [email us](#) or call 1-877-845-2700.

EMS offers a complete line of 3D printing solutions from HP, RIZE and 3D Systems, as well as a full line of 3D scanners and software from Creaform, Surphaser, Zeiss, Wenzel, API, Innovmetric and GeoMagic.

### About **EMS**

Founded in 2001, EMS Inc. is the largest single source provider of 3D scanning and 3D printing solutions to customers across the automotive, aerospace, military, consumer products, medical, art and entertainment industries. With over 20,000 projects completed in 16 years, EMS specializes in helping companies capitalize on 3D technologies to streamline prototyping, additive manufacturing, reverse engineering and inspection processes. EMS is an authorized reseller of [HP](#), [RIZE](#), [3D Systems](#), [Creaform](#), [SpaceClaim](#), [Wenzel](#), [GeoMagic](#), [Surphaser](#), [Zeiss](#), [LaserDesign](#), [API Sensor](#), [Innovmetric](#) and [SolidWorks](#).
